

PIRATE BANDANA - one size fits most kids and adults.
Print on A3 card - 200gsm is ideal!

Step 1: Cut along outline of bandana and head straps.

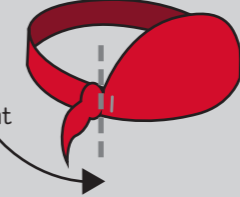

Step 2: Staple one end of a head strap to the right side of bandana. If you have a big noggin, you may need to use two straps!

Step 3: Test strap length on head and staple the other end of the head strap to the left side of bandana at the correct length. Trim excess head strap.

Step 4: Fold knot at dotted line so that it sits jauntily at the side of the head. Go have some pirate fun!
